# SBTi, CDP & Sustainability Reporting

Partner with us to navigate your sustainability journey with expert guidance on Science-Based Targets initiative (SBTi), CDP disclosure, and sustainability reporting supported by GRI Certified Professionals, Energy Auditors, HIGG Verifiers and Chartered Accountants. Our tailored services help you align with global best practices, enhance transparency, and drive measurable impact.

## SBTi Commitments

01

Set and validate science-based emissions reduction targets in line with the Paris Agreement.

02

## CDP Reporting

Improve your environmental disclosure with high-scoring, investor-grade CDP submissions.

03

## Sustainability Reporting

Develop compliant and compelling reports (GRI, SASB, TCFD) to showcase your ESG performance.

# DIGITAL TRANSFORMATION

Automate Your Business with Our Tools

## RESPECT

*Worker App with Digital Grievance Mechanism*

It is an exclusive application of Digital Grievance Mechanism. This innovative app is built on the principles of the UN Guiding Principles on Business and Human Rights (UNGPs) and the OECD Guidelines for Responsible Business Conduct, ensuring an effective and reliable grievance mechanism for workers. It consists of other features like Notice, Tips, Quiz & Learn, eLearning and Survey.

## SUSCOM

*Compliance Software*

Transform your compliance management with SUSCOM, the all-in-one compliance software designed to streamline your processes and maximize efficiency. From comprehensive assessments and GAP identification to seamless documentation and beyond, SUSCOM offers a complete solution tailored to your needs. Organize your compliance department systematically, reduce unnecessary expenses, and save valuable resources—all while meeting and exceeding every requirement. Elevate your compliance standards with SUSCOM today!

## SUSTAIN-X

*Sustainability Dashboard*

Unlock your organization's full potential with Sustain-X, the ultimate Sustainability Dashboard designed to simplify and elevate your ESG journey. This powerful tool enables you to manage and store sustainability data, generate comprehensive summary reports, and track progress on your ESG KPIs. With long-term data analysis, you can identify risks, reduce costs, and align your strategies with the UN Sustainable Development Goals (SDGs). ESG Tracker empowers you to achieve your sustainability goals, measure your impact, and drive meaningful progress toward a sustainable future.
